Dear Jerry, 11/12/80

The day after you phoned the copy of James' clemency appeal did come. Thanks.

I understand he has filed more since then. The one you sent has very little to it and I think can't accomplish much. I'll be interested in seeing the new one.

A Memphis reporter asked me for a copy so I sent it to him. When he asked me for the new one, which I don't have, I told him how to get in touch with you.

Thanks for the update on John. I guess he knows what he is doing but I can't see how it is doing him any good.

If there is a picture of him gagged and in a glass cage I'd like to see it!

Was back at the hospital today. I'm getting along OK but not as fast as they'd hoped. Don't have to go back for three weeks.

And I remain pretty limited in what I can do.

Sincerely,
